Government Aided Autonomous Institute

To Whom It May Concern

Shri Guru Gobind Singhji Institute of Engineering and Technology, Vishnupuri, Nanded (SGGSIE&T) follows a **Statistical Grading System** based on a scale of 10 and not a percentage system where marks are awarded out of 100. A student's Cumulative Grade Point Average (CGPA) indicates their academic standing in the class. However, the Academic Council of this institute recommended the use of following formula as a thumb rule in which a CGPA of 10 may be regarded as 100%, and to convert CGPA into a percentage, one may use

$$\text{Percentage} = \text{CGPA} \times 10$$

Since our institute uses a statistical grading system, CGPA cannot be directly converted to marks.
