About Maharashtra Startup Yatra:

Maharashtra State Innovation Startup Policy 2018 has been announced under the Department of Skills, Employment, Entrepreneurship, and Innovation to promote startup and innovation in the state. The Maharashtra State Innovation Society (MSInS) is the nodal agency for effective implementation of the Policy. Through this policy, several events such as establishment of incubation centers, financial support for quality testing and intellectual property rights, Grand Challenge, Startup Week, etc., are organized to create a conducive environment for the development of startup ecosystem in the state.

Innovation is not confined to a geography. However, due to lack of proper guidance, good ideas may not materialize always. With the objective of providing a platform for promoting rural innovation, Maharashtra Startup and Innovation Yatra is being organized by the department to handhold early-stage innovators and startups of the state. More about the events organized by MSInS can be found here: <https://www.mahastartupyatra.in/en/>
