A report on Qtr-II IIC Calendar Expert Lecture Activity on

"Guidance for Engineering Projects"

by

Dr. R. R. Manthalkar

Professor in Electronics and Telecommunication engineering,
SGGSIE&T, Nanded

Date & Location

Thursday, 11-March-2023,

Department of E&TC Engineering, MGMCOE, Nanded

Organized by

Institution's Innovation Council

Prof. (Dr.) Ramchandra R. Manthalkar visited *MGM's College of Engineering, Nanded* on 11-march-2023. **Dr. (Mrs.) Kalpana Jondhale** – Head, ETC facilitated the visit.

During the session following topics were covered:

- Introduction to Engineering Project Management,
- Importance of project management in engineering
- Discuss the Idea of Project
- Project Implementation plan
- Funding related information
- The role of engineering project manager
- Comparison of the role of engineering project manager with other positions
- Outlines practical skills.

In the engineering field, project management involves leading teams of engineers to complete successful projects. Engineering project managers use their technical skills and knowledge of project management techniques to plan and execute projects. Knowing more about engineering project management can help you determine whether you want to pursue a career in this field.

Engineering project management is the process of leading a team to complete an engineering project. Often, engineering projects center on product or process development, such as new innovations or technology.

Around 30+students participated in the expert lecture

Following are a few snapshots taken during the event:
