<p style="text-align: center;">Inauguration</p>	<p style="text-align: center;">Felicitation of Chief Guest by Director sir</p>
	
<p style="text-align: center;">2011 Batch</p>	<p style="text-align: center;">2012 Batch</p>

	
2013 Batch	2014 Batch
	
2015 Batch	2016 Batch
	
2017 Batch	Organising batch 2017-19

It is decided to try to place at least one intern by each one of member of "SGGS PLM TASK FORCE"

Lastly it is decided **to have mentorship** of each student of M. Tech. PLM (SY and FY) by alumni from industry so that students quality can be improved some of those are;

1. Shailesh Khobragade
2. Dynaneswar Radkar
3. Chittanranjan Pise.
4. Raghvendra Bodu
5. Chandrakant Babhulgaonkar
6. Shrikant Pokale
7. Yogesh Nikam
8. Chaitanny Gaurkar.

---Industry delegates /Alumni were present for this meet and had a group discussion for increasing employability of students. Most of the senior alumni insisting to enhance the knowledge of students in area of programming language which is of paramount importance in area of PLM.

---New technologies like **Active Workspace, cloud computing, IOT based applications, Digital Manufacturing** are to be involved in curriculum.

--- for programming language to be studied by students can be offered as compulsory audit course for PLM students suggestion by Dr. B.M. Dabade Sir.

- PLM system Development industries like Siemens, PTC and Dessualts are reducing support jobs and investing more in developments so most of the opportunities in coming in future will be in area on Development.
- Mr. Dnyanesh Bhoskar (team lead, TCS Mumbai) has assured to take at least 7 intern candidates from F.Y. M. Tech PLM for next year internship. This can be considered as first output of this meet.
- "More the merrier" in coming future such type of number of opportunities will be provide by the alumni for the students.
- Mr. G.R. Kondekar had coordinated the program, Mr. K. G. Rajmore, Mr. G. D. Jambhrunkar, Mr. D.T. Mehata (all Assit. Prof. Mech Engg.) were also taken part in this meet.

Head,
Department of Mechanical Engg.
