

Criteria 1: Curricular Aspects

Metric 1.3.4: Number of students undertaking field projects or internships

Marks: 10

Obtained Grade from NAAC: 3

Expected Grade from NAAC: 4

HEI Input:

255

DVV accepted this input.

HEI Present Input:

300

Appeal:

1. Although there were no queries from DVV for this metric, the number of internships undertaken in AY 2017-18 is reconciled with proofs. There was no opportunity to rectify this at the time of DVV.
2. So the HEI feels that this metric should be reevaluated considering the input of 300 students undertaking field projects/ internships.
3. The list of students, along with the proofs given in the links, as an excel file is available at <https://drive.google.com/file/d/1gruaAndTYVeqjKdn5ytRCNGIOtmhSqGM/view> under <https://sggs.ac.in/naac-appeal-documents/>
